

Korimako

FOLDING FRAME DAY WHEELCHAIR

Owning a folding wheelchair needn't exclude you from the stylish and lightweight variations that fixed frame chairs share. The Korimako is custom built to the clients size and shape allowing us to remove the complexity and weight of the adjustable position parts.

Foot-plates can be made at any angle and can be one piece drop in or swing away flip up. The variations are endless.

Well engineered moving parts ensure the frame reliability and durability of this snazzy folding wheelchair.
