

FIXED FRAME DAY WHEELCHAIR

# HAWK X

The Melrose Hawk X is our New Generation Hawk and comes standard with an Ultra-Lightweight frame that is compact with no under-frame. The lack of under-frame makes lifting and loading much easier once the rear wheels are popped off.

It is custom built to the individuals specification for seat width

and length for a safe comfortable ride.

Our revised Adjustable Camber Bar position and Castor Pivots allow you to alter your centre of gravity and seat height. This makes it suitable for new wheelchair users that are unsure what seating position will work best for them.

# HAWK X
